

ALWAYS STORE PRODUCTS SAFELY.

Always keep your marijuana **products locked, out of sight, and out of reach** to prevent accidental ingestion by minors and pets.

START LOW & GO SLOW.

Regulated marijuana products come in many different forms and vary in strength. It is recommended to always **START LOW** and consume less than the recommended serving size. **GO SLOW. It may take up to 2 hours to feel the effects.**

BE MINDFUL WHEN SMOKING.

Keep it away from others. Remember, you can't consume marijuana in a motor vehicle, a private business, a hookah or "cigar bar," or any establishment where smoking is prohibited.

DON'T DRIVE HIGH!

When you feel different, you drive different!
Driving under the influence of marijuana remains illegal and is punishable by law.

REGULATED MONTANA MARIJUANA PRODUCTS WILL HAVE THIS COMPONENT ON THEIR LABELS:

Required Montana State Marijuana Symbol

There will be a QR code present. That code can be scanned and will allow an individual to access the product's laboratory testing results.

For more information, call CCD at: 406.444.0596

DORCCD@mt.gov

Call the Poison Center at 1-800-222-1222 if you think someone has been exposed to a marijuana product and is awake and alert. Call if the person is showing signs of an emergency.
