Memorandum

TO: Liquor Industry
FROM: Montana Department of Revenue, Liquor Distribution Team
DATE: November, December 2024, January 2025
SUBJECT: Montana Quarterly Price List

It is always our goal at the Department of Revenue to serve Montanans well. It is our pleasure to provide you with the Montana Liquor Price Book.

The price book is effective November 1, 2024, and is valid for the months of November, December 2024, January 2025. Changes to retail selling prices published in this book result from adjustments made by suppliers/vendors due to either freight or case costs.

Effective May 1, 2016, products maintained in the warehouse are chosen based on selling performance in a set number of locators.

Regular List Products – Regular list products are items that have been in the state for at least six months and are among the highest-selling 1,300 products in the state based on case sales in the 12-month period prior to the department's quarterly review where sales are not erratic or based upon closeout or overstock. Products that have not been in the state for six months, items that are not available year around, and highly seasonal products are excluded from this category.

Special Order Products – Items that did not meet the criteria to be regular list are classified as special order. The highest-selling 350 special order products based on case sales in the 12-month period prior to the department's biannual review are maintained in the warehouse. Items that are not available year around and highly seasonal products are not maintained. All other products are available on an order-by-order basis and, depending on vendor requirements and availability, the order may take six weeks or more to fill.

Please feel free to contact our office for any questions or information needed at the addresses below.

State Pricing Formula

Posted Price

Posted Price as it applies to liquor, fortified wine and sacramental wine is the wholesale price of the product plus an excise tax and license tax. The total of which is rounded up to the next nickel increment. The posted price is the price of liquor, fortified wine and sacramental wine for sale to persons who hold liquor licenses. (ARM 42.11.104)

The department collects both an excise tax and a license tax on liquor, fortified wine and sacramental wine products sold in the state of Montana. These tax rates are determined by the total number of proof gallons the vendor of the product manufactured, distilled, rectified, bottled, or processed and sold nationwide in the previous calendar year. The rates are as follows (16-1-401 and 16-1-404, MCA):

Excise Tax

<u>Nationwide Production</u>	<u>Tax Rate</u>
Less than 20,000 proof gallons	3%
20,000 to 50,000 proof gallons	8%
50,001 to 200,000 proof gallons	13.8%
Over 200,000 proof gallons	16%

License Tax

<u>Nationwide Production</u>	<u>Tax Rate</u>
50,000 or less proof gallons	2%
50,001 to 200,000 proof gallons	8.6%
Over 200,000 proof gallons	10%

Wholesale Price

The wholesale price of liquor is determined by adding the department's base cost and the state markup of 40.5% (ARM 42.11.104)

The wholesale price of fortified wine containing more than 16% but no greater than 24% alcohol by volume is determined by adding the department's base case cost and the state markup of 51%. (ARM 42.11.104)

The wholesale price of sacramental wine is determined by adding the department's base cost and the state markup of 20% (16-1-106 MCA)

A reduced mark-up rate of 20% will apply to liquor products from distilleries that manufacture, distill, rectify, bottle or process 25,000 proof gallons or less of liquor nationwide annually.

Base Case Cost

The base case cost as it applies to liquor and fortified wine means the supplier's quoted price and the department's current freight rate to state agency liquor stores. As of August 1st, 2024, the department's current freight rate is \$2.36 per case.

An example of how the posted price per bottle is computed is presented below:

	<u>Liquor</u>	<u>Fortified Wine</u>
Supplier Price	\$100.00	\$100.00
Department's Freight Rate	+ 2.36	+ 2.36
	\$102.36	\$102.36
State Markup (40.5% or 51%)	+ 41.46	+ 52.20

License Tax (10%)	+ 14.38	+ 15.46
