

## Grocery Inventory

Section [16-4-115\(1\), MCA](#) states that a retail license to sell beer or table wine in the original package for off-premises consumption may be issued only to a qualified applicant whose premises proposed for licensing operates as a bona fide grocery store; a drug store licensed as a pharmacy; or a stand-alone beer, wine, or beer and wine business.

If you are applying for a stand-alone type license, you are not required to complete this form.

[ARM 42.13.1105\(2\)](#) states that a retail inventory of \$3,000 will serve as a basis for determining whether an establishment qualifies as a "bona fide grocery store." An establishment must maintain retail inventory of at least \$3,000 at all times.

The retail inventory must include at least three different types of items in each of the following food groups: meats, vegetables, fruits, baked goods, dairy and household supplies.

Provide the total retail inventory dollar amount. Do not include the beer and wine inventory amounts.

Food Categories	List three (3) retail items for each category		
<i>Example:</i>	<i>Hot Dogs</i>	<i>Hamburger</i>	<i>Spam</i>
Meats			
Vegetables			
Fruits			
Baked Goods			
Dairy			
Household Supplies			

Enter the total dollar amount of the retail inventory proposed above. If your business is already established, write the total dollar amount of the retail inventory you had last month, not including beer and wine. \$ \_\_\_\_\_

I certify this inventory to be correct.
