Form AFRC Instructions

Important Note: *This credit has been repealed for Tax Year 2022. Tax Year 2021 is the last year this credit is available.*

Alternative Fuel means natural gas, liquefied petroleum gas, liquefied natural gas, hydrogen, electricity, or any other fuel if at least 85% (0.85) of the fuel is methanol, ethanol or other alcohol, ether, or any combination of these.

Who can claim this credit?

An individual, corporation, partnership, or S corporation that converts a vehicle that is licensed in Montana from operating on gasoline to operating on an alternative fuel is entitled to the credit.

What information do I have to include with my tax return when I claim this credit?

- **Individuals.** If you are filing a paper return, include a copy of Form AFRC with your individual income tax return.
- **C corporations.** If you are filing a paper return, include a copy of Form AFRC with your corporate income tax return.
- **S corporations and partnerships.** If you are an entity taxed as an S corporation or a partnership and are claiming this credit, include Form AFRC with your Montana information return Form PTE and include a separate statement identifying each owner and their proportionate share.

You will need to complete a separate Form AFRC for each source you are receiving the credit from. For example, if you are a partner in one partnership that qualifies for this credit, and you, as an individual, also qualify for this credit, you would need to complete two forms.

If you file electronically, you do not need to mail this form to us unless we contact you for a copy.

Part I. Partners in a Partnership or Shareholders of an S Corporation

If you complete Part I, do not complete Part II.

How do I claim my credit when I am a partner or shareholder in a partnership or S corporation that converted the vehicle?

If you received this credit from a partnership or S corporation, you will need to fill out Part I in its entirety. Your portion of the credit can be obtained from the Montana Schedule K-1 that you received from the entity. In addition to reporting your portion of the credit, you will need to provide the partnership's or S corporation's name and Federal Employer Identification Number.

If you are a partner or shareholder in more than one partnership or S corporation, you will need to complete a separate Form AFRC for each entity you are receiving the credit from.

Part II. Credit Computation

If you complete Part II, do not complete Part I.

Can I claim this credit if the conversion of the vehicle was performed at a location outside of Montana?

The location of the conversion does not affect whether the vehicle is eligible for the credit. In order to qualify for the credit, the motor vehicle must be licensed in Montana at the time of conversion.

If the credit exceeds my tax liability, can I carry any excess credit to another tax year?

No, you cannot. Your credit can only be claimed in the year the conversion is made and cannot exceed your tax liability.
