Part III. Qualifying Criteria

A reduced property tax rate is available for 100% disabled veterans and the unmarried surviving spouses of deceased veterans who were 100% disabled. You must own or currently be under contract to purchase a home or mobile/manufactured home and live in the home as your primary residence for at least seven months of the year.

Important: You must provide a letter from the U.S. Department of Veterans Affairs (VA) with this application verifying that you are currently rated or paid at the 100% disabled rate for a service-connected disability. If your disability rating is temporary, we will periodically ask you to provide an updated verification letter from the VA. The VA cannot give your information directly to us. Surviving spouses must provide letters from the VA verifying that their deceased spouses were rated or paid at the 100% disabled rate at the time of their death or died while on active duty or as the result of a service-connected disability.

To qualify for the reduced property tax rate for Tax Year 2022, a single applicant's 2020 Federal Adjusted Gross Income (FAGI), excluding capital and income losses, must be less than \$54,067, and head of household and married applicants' 2020 FAGI must be less than \$62,385. Spouses' incomes are included regardless of whether they are owners of the property. Unmarried surviving spouses' 2020 FAGI must be less than \$47,136.

You only need to report your income one time. In future years, we will determine your eligibility through our annual verification process.
