

Guide for on-premises and off-premises retail licensees.

Governor's Closure and Phase I Reopening:

If a retail licensee is unable to operate a going establishment** because of the Governor's mandatory closure and during Phase I reopening, the licensee is not subject to lapse provisions stated in 16-3-310, MCA. However, if a licensee has been closed due to an alteration or other reason, the licensee still must notify ABCD with the nonuse form before the 90-day time period ends.

Nonuse applies to the following license types:

- All On-Premises Licensees
- Off-Premises Beer/Wine Licensees

Start of Phase II Reopening Effective June 1, 2020:

The 90-day requirement will now apply. If a licensee is unable to open within 90 days of the start of Phase II, the licensee must:

- Fill out the nonuse form found on our website, MTRRevenue.gov.
- Explain the circumstances beyond the licensee's control.
- Send it to ABCD for review.

*All licensees must comply with all Montana alcoholic beverage laws and rules.

**Going establishment means a business that (a) is open at least 20 hours per week for any four weeks in a 90-day period; (b) maintains an inventory of at least ten cases of alcoholic beverages for each day that the establishment is open; and (c) sells or provides a minimum of \$50, calculated at cost, of alcoholic beverages each week the establishment is open.
